Step 1 –

To login to the system, visit <http://sandbox.eksheba.gov.bd/>. Once the page has been loaded, it will prompt for a *Username/User ID* and *Password*.

Step 2 –

In the login page, enter a *Username/User ID* and *Password*. If the *Username/User ID* and *Password* is correct, only then will the user be able to enter the system.

Step 3 –

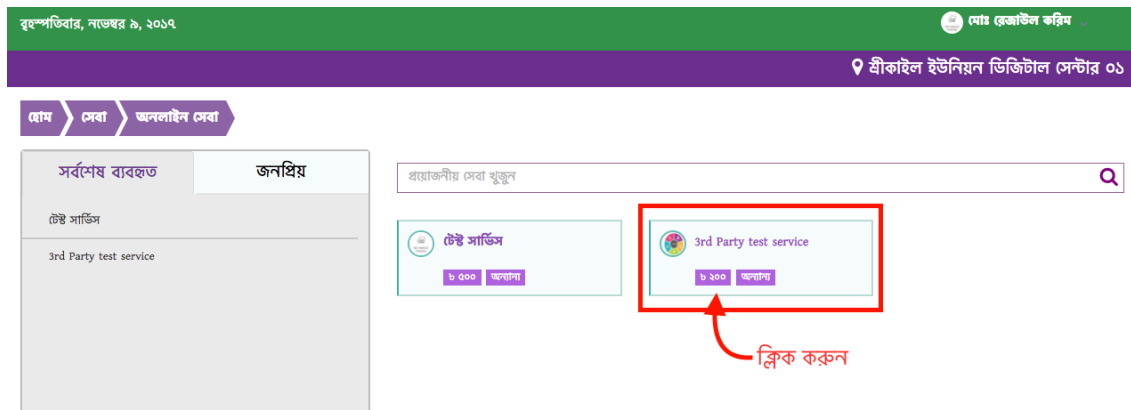

After entering a *Username/User ID* and *Password*, click the **‘Enter’** button to successfully login to the system.

Dashboard

The dashboard interface features a green header with the date 'বৃহস্পতিবার, নভেম্বর ৯, ২০১৭' and a user profile icon labeled 'যোগ্য রেজাল্ট করিম'. Below the header is a purple navigation bar with the text 'শ্রীকাইল ইউনিয়ন ডিজিটাল সেন্টার ০১'. The main content area has a breadcrumb trail: 'হোম > সেবা > অনলাইন সেবা'. On the left is a side menu with two tabs: 'সর্বশেষ ব্যবহৃত' (Last Used) and 'জনপ্রিয়' (Popular). Under 'জনপ্রিয়', there is a card for 'টেস্ট সার্ভিস' (Test Service) with a '৳ ৫০০' price tag and an 'অন্যান্য' (Other) button. Below the search bar, there are two service cards: 'টেস্ট সার্ভিস' (Test Service) with a '৳ ৫০০' price tag and an 'অন্যান্য' (Other) button, and '3rd Party test service' with a '৳ ২০০' price tag and an 'অন্যান্য' (Other) button. A search bar at the top right contains the text 'প্রয়োজনীয় সেবা খুঁজুন' and a search icon.

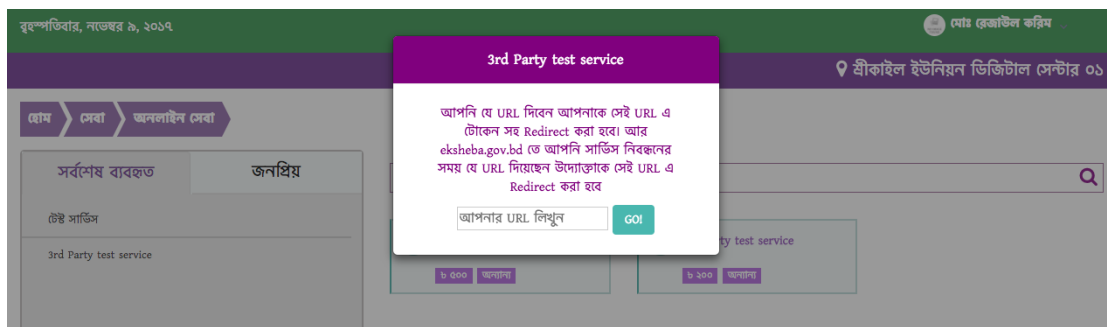

Once the user has logged in to the system, the dashboard will appear on screen. On the right side of the dashboard, there is a dynamic search bar to search for the different services provided. Beneath the search bar is the list of services provided by Eksheba. On the left side is the side menu containing 'Last Used' and 'Popular' services list.

3rd Party Test Service

Step 1 –

To use the '3rd Party Test Service' click on the button as displayed above.

Step 2 –

Once the button has been clicked, a pop-up will appear on screen, requiring a URL to be entered.

Step 3 –

Enter the URL and press the 'Go' button. After pressing the button, the URL that the user provided will redirect the user to the same URL with a token. And simultaneously, at eksheba.gov.bd, the URL that the user entered at the time of registering the service will redirect the entrepreneur to that URL.
